Elte Unlimited VSAT Streaming Service

General

- During your KVH Elte subscription period, all the Services that you receive from KVH, including KVH Elte, will continue to be governed by the Service Orders you entered into for those Services and the KVH Master Services Agreement, which is available at [www.kvh.com/terms](#).
- The KVH Elte published data speeds are maximum speeds and may vary in different regions under different conditions. The Service is unlimited in that it is not shaped or throttled by KVH and there are no usage caps or overage charges.
- If a vessel travels outside the KVH Elte coverage area during a KVH Elte subscription period, the Service to the vessel will continue at reduced speeds, but the KVH Elte subscription period will not be extended and the KVH Elte subscription fees will not be reimbursed.
- KVH Elte is only available to KVH's Leisure customers.
- The minimum subscription period is one week and can be initiated by any number of days or purchased on a monthly basis. Each day begins and ends approximately at midnight ET for Caribbean and Eastern North American service, and midnight GMT for Mediterranean service.

Elte Reservations

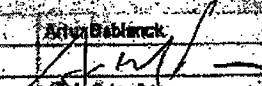

- KVH Elte is subject to availability and advanced reservations are required. There is limited availability, so it is recommended that reservations be made as early as possible before your desired subscription start date. Contact the KVH Support/tech Group for reservation information at [elte@kvh.com](#).

- After making a reservation, you will be notified by email whether the reservation has been accepted by KVH.
- Reservation cancellations must be made at least 7 days prior to your KVH Elte subscription start date, otherwise a cancellation fee may apply. Please contact [elte@kvh.com](#) for details.
- A KVH Elte Service Order completed by the subscriber or authorized representative is required to make an initial reservation for KVH Elte. For subsequent Elte subscription reservation requests, KVH will accept email reservation requests sent to [elte@kvh.com](#) by the subscriber or authorized representative. KVH will confirm all subsequent reservation requests via email based on availability. Subscriber will be billed in the same manner as the initial reservation.

Elte Billing

- All reservations must be prepaid by credit card and will be invoiced prior to the start of the KVH Elte subscription period. Past due balances for all KVH Services must be paid before a reservation for KVH Elte will be accepted.
- During the KVH Elte subscription period, you will not be charged for the standard High Speed Rate Plan that you currently receive, and you will only be charged for the Unlimited ("UL") Rate Plan that you start to receive during the KVH Elte subscription period, whether it is one of the UL Rate Plans that is available through this Service Order or your preexisting UL Rate Plan. You will also continue to be charged for all other Services you receive from KVH.
