MARINHA DO BRASIL
COMISSÃO NAVAL BRASILEIRA EM WASHINGTON

DOCUMENTO CIRCUNSTANCIADO Nº 003/2022

NUP: 63150.002642/2022-63

1. OBJETO

Aquisição de água potável em galões para a tripulação desta Comissão Naval, de forma a garantir a infraestrutura necessária para o desenvolvimento das atividades e funcionamento da Comissão Naval Brasileira em Washington (CNBW).

2. CARACTERIZAÇÃO DA NECESSIDADE QUE JUSTIFICOU A AQUISIÇÃO DO SERVIÇO

Trata-se de necessidade de manutenção do fornecimento de água potável em galões para a tripulação, haja vista que são considerados bens básicos necessários para garantir o desenvolvimento das atividades e funcionamento da Comissão Naval Brasileira em Washington, sendo imprescindível para a realização das atribuições diárias da CNBW.

A presente contratação visa a contínua hidratação da tripulação, uma vez que a água é recurso natural indispensável para a manutenção da vida.

Desta sorte, a Dispensa de licitação, em razão do valor, é a via adequada e efetiva para a aquisição de bens e evitar prejuízos à Administração Naval, em razão da descontinuidade do fornecimento de água potável para a tripulação desta Comissão Naval.

Assim sendo, resulta configurada a situação de dispensa descrita no inciso I, do artigo 27 da Portaria nº 5.175, de 15 de dezembro de 2021:

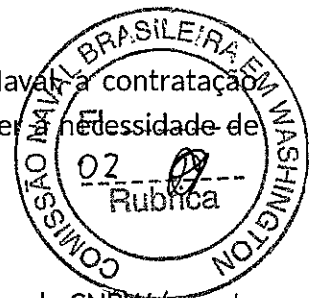

“Art. 27. É dispensável a licitação no exterior:

I - para a aquisição de bens ou contratação de serviços que vise a atender ao funcionamento e manutenção do próprio órgão ou de outras unidades por ele suportadas, desde que também sediadas no exterior, no valor de até US\$ 50,000.00 (cinquenta mil dólares americanos) ou o equivalente em outra moeda;” (grifo nosso)

Neste passo, verifica-se que a descontinuidade do fornecimento de água potável para a tripulação poderá ocasionar a esta Comissão Naval evidentes prejuízos, uma vez que a sua ausência impactará na saúde e bem-estar de toda a tripulação.

EM BRANCO

Diante do exposto, de sorte a evitar grave prejuízo a esta Comissão Naval, a contratação direta por dispensa de licitação é a única medida eficaz e imediata para resolver a necessidade de manutenção do fornecimento de água potável para a tripulação.

3. PLANEJAMENTO DA CONTRATAÇÃO

A contratação encontra-se prevista no Programa de Aplicação de Recursos da CNBW (evento PAR 3007.1) aprovado em reunião do Conselho de Gestão, estando, dessa forma, alinhada com o planejamento realizado.

4. DETERMINAÇÃO DE UNIDADES E QUANTIDADES A SEREM ADQUIRIDAS

O consumo de água potável pode variar de acordo com a época do ano, sendo o verão, o período de maior consumo. Em média, estima-se a necessidade de aquisição de 360 galões ao longo do ano, conforme indicado no PAR.

5. ESTIMATIVA DA DESPESA

O preço ofertado pela empresa Drinkmore Water, Inc. foi o de menor valor, considerando o frete e demais taxas, conforme mapa comparativo de preços e cotações, em anexo, e está compatível com o valor de mercado, sendo garantida a vantajosidade para a Administração Pública.

6. VALOR UNITÁRIO E/OU GLOBAL

USD 8,50 (oito dólares e cinquenta centavos) por unidade (um galão) mais USD 8,50 (oito dólares e cinquenta centavos) por entrega, podendo ser corrigido anualmente de acordo com a variação de preços do mercado.

7. PRAZO DE ENTREGA OU CONCLUSÃO DO OBJETO

O objeto será entregue de modo contínuo, conforme demanda da CNBW, com prazo de vigência do contrato de 1 ano, podendo ser prorrogado até o limite de 60 (sessenta) meses, com base no inciso II, do art. 55 da Portaria GM-MD nº 5.175, de 15 de dezembro de 2021.

8. EVENTUAL PRESTAÇÃO DE ASSISTÊNCIA TÉCNICA NO PERÍODO E GARANTIA DO OBJETO

O fornecimento de água potável para a tripulação em galões deverá ser prestado continuamente durante todo o ano de 2022 e demais anos, conforme prorrogações efetuadas.

Os bens poderão ser rejeitados, no todo ou em parte, quando em desacordo com as especificações constantes no contrato, devendo ser substituídos no prazo de 01 (um) dia, sem qualquer custo para a contratante, a contar da notificação da contratada, às suas custas, sem prejuízo da aplicação das penalidades.

O recebimento provisório ou definitivo do objeto não exclui a responsabilidade da contratada pelos prejuízos resultantes da incorreta execução do contrato.

A entrega do objeto deverá observar os termos do contrato, sem atrasos, interrupções ou falhas, salvo na superveniência de fato excepcional ou imprevisível, estranho à vontade das

EM BRANCO

partes, que altere fundamentalmente as condições da entrega do objeto, quando deverão ser comunicados tão logo ocorram, para que possam ser analisados quanto à pertinência.

O contrato será fiscalizado pelo CC (AA) Antonio Luiz do Nascimento Abreu.

9. CONDIÇÕES DE GUARDA E ARMAZENAMENTO

Os galões de água serão armazenados em local apropriado no paiol central da CNBW e utilizados para consumo conforme demanda.

10. PRAZOS PARA LIQUIDAÇÃO E PAGAMENTO

Em até 30 dias após o recebimento de invoice. Será emitida uma invoice para cada entrega realizada.

11. DEMONSTRAÇÃO DA COMPATIBILIDADE DA PREVISÃO DE RECURSOS ORÇAMENTÁRIOS COM O COMPROMISSO A SER ASSUMIDO

- a) Gestão/Unidade: 0001 / 70200 - CNBW
- b) AO: 2000 Administração da unidade
- c) Ação Interna: Z490DV1
- d) Elemento de despesa: 33903007

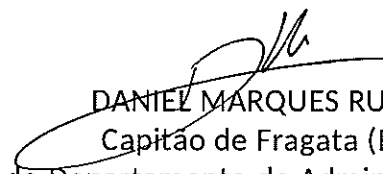

Há previsão orçamentária no PA aprovado para 2022.

12. CONCLUSÃO

Em face do exposto e da documentação apresentada, sugere-se que o objeto seja contratado, com base no art. 1º, § 2º, da Lei nº 14.133, de 1º de abril de 2021, combinado com o Art. nº 27, inciso I da Portaria GM-MD nº 5.175, de 15 de dezembro de 2021.

DrinkMore Delivery, Inc. ("DMD"), located at 7595-A Rickenbacker Drive, Gaithersburg, MD 20879 agrees to provide bottled water delivery service and the above-described equipment to the above-named customer pursuant to the terms and conditions described below. Notwithstanding anything below, DMD will remain the sole owner of all bottles and rented equipment, and any rental charges paid under this agreement, under no circumstances, shall be considered a contribution toward the purchase of equipment.

TERMS AND CANCELLATION. The initial term of this agreement will start on the date that the equipment is delivered to the customer. This agreement shall be on a month-to-month basis until terminated by either party upon 30 days notice. Upon termination, customer shall return all bottles and rented equipment in their possession to DMD. Any notice of default in payment shall, at DMD's option, be considered sufficient notice to terminate and shall entitle DMD to remove any of DMD's bottles, at the customer's cost, from customer's premises without process of law and without liability for trespass or other damage whatsoever. Full bottles aren't refundable, unless based on DMD error.

BOTTLE DEPOSITS. The customer shall pay \$20.00 per glass bottle and \$6.00 per plastic bottle as a one-time security deposit at the time of this agreement. For additional glass bottles, a deposit will be billed to the customer at the \$20 rate for each additional bottle delivered. Glass bottle deposits will be credited to the customer at the same rate for each bottle picked up by DMD. Upon normal termination of the account, provided that customer returns all DMD bottles, rented equipment and pays the balance in full, except as provided hereafter, DMD shall refund bottle deposits to customer, subject to the provisions below.

AUTOMATIC CREDIT CARD BILLING. If the customer has chosen to activate automatic payment on their account through use of a credit card, the customer hereby authorizes DMD to charge the customer's above-listed card for the total cost of each ongoing delivery the business day following delivery. Customer's acceptance of this agreement, via signature below, constitutes their consent to have such balances charged to the above-listed card. In the event the credit card issuer no longer honors the customer's card, DMD will promptly notify customer and customer must provide other acceptable means for paying account balances.

MAINTENANCE. Customer agrees that the bottles provided by DMD shall be used only for storage of purified water provided by DMD. Customer use of DMD bottles for any other purpose may result in the forfeiture of the bottle deposit. The customer shall forfeit any bottle deposit on bottles that are damaged or destroyed while in customer's possession. In the event customer returns any bottles to DMD in a condition that requires extraordinary cleaning, customer will be charged for such cleaning, not to exceed the cost of the equipment itself. Any such amount may be deducted directly from customer's security deposit, or additionally charged, should the deposit not cover the total damage or loss. It is the customer's responsibility to clean rental coolers at the recommended interval of once every 6 months. Customers can contact DMD about possible cleaning options. The customer agrees that only purified water from DMD shall be dispensed from the equipment and stored in DMD bottles. DMD reserves the right to charge customer for a damaged or dirty cooler, not to exceed the cost of the cooler itself.

DEFAULT. In addition to the other definitions of default contained in this agreement, customer shall be in default if their account becomes more than 60 days past due. DMD shall be entitled, upon any default by customer, to any and all remedies available at law or in equity, including, without limitation, the right to enter the customer's premises to recover DMD bottles, the right to terminate this agreement, the right to retain any deposits, and the right to collect any and all damages. If any check payable to DMD is not honored, in addition to other rights it may have, DMD shall have the right to assess a service charge for each check so dishonored. DMD shall be entitled to recover any collection fees, attorney fees and court costs incurred by it as a result of customer's default hereunder.

CANCELLATION. Customer shall have the right to cancel this agreement by notifying DMD before midnight of the third business day following the execution of this agreement. Upon such cancellation, the customer shall return to DMD any equipment and bottles in customer's possession, and after doing so, will be entitled to a refund of the above-listed amounts with the exception of any reduction for damage to the equipment or bottles consumed while in the customer's possession. Failure to provide written notice of cancellation within three business days following the execution of this agreement shall constitute customer's acceptance of this agreement and all terms and conditions contained herein.

MISCELLANEOUS. The customer shall promptly notify DMD of any change in the customer's address. Customer agrees to indemnify DMD for any loss, damage or destruction of DMD bottles and/or equipment from any cause, including claims of a landlord under the laws relating to rent distress and retention of property, and for any loss, damage or destruction of customer's property caused by DMD bottles, water and/or equipment while on customer's premises or otherwise in customer's possession. DMD reserves the right to adjust equipment and/or water pricing at any time after the initial term of this agreement. This agreement constitutes the entire agreement between the parties. Any promises, representations, understandings, oral or written, pertaining directly or indirectly to this agreement which are not contained herein are hereby waived.

Good morning!

First of all, I would like to thank you for your business. There are other bottled water companies out there – but none that we believe offer the value that DrinkMore Water provides. We have the best water – pure, clean and great-tasting – but we also take pride in how we deliver that water to you. We strive to provide truly outstanding customer service at every customer touch point in the process. We have happy and friendly customer service team members who actually answer your calls on the first or second ring. And our drivers are simply the best out there.

But we are living in crazy times – especially when it comes to inflation and price increases for just about everything. And, like just about everyone, we are having to increase our delivery prices to help offset at least some of those increases. As an example that everyone knows all too well – our fuel (diesel) costs have literally doubled in the past year and things like major truck repairs, tires, and preventative maintenance have all seen oversized increases.

Therefore, effective immediately, we are increasing our per-delivery fee to \$8.50.

From all of us at DrinkMore Water, thank you again for being a great customer!!!!

The Culligan Mid-Atlantic difference

EM BRANCO

Steve and James truly care about their customers. They have gone above and beyond the call of duty to help clear up our water. James identified issues with our Culligan system and well pressure tank and Steve has made himself available even after hours. Both worked all week to make sure we had clean water and both were committed to "making things right." Thanks Steve and James for a great job!

Hello Emily.How are you?

My name is Augusto I am from Brazilian Naval Commission. I spoke to you on the phone.

We need quotes for 5 gallon bottles:

- per unit;
- Delivery fee;
- Do you charge for the refill or is it free?

Can you provide this information for me please?

Best regards,
Augusto Moura
